

# EZI GLIDE PANEL BLINDS

*Covering the windows of Australia*

# EZI-GLIDE PANEL Blinds, elegant yet simple.

EZI-GLIDE PANEL Blinds are trouble free and effortless to operate. Flat panels combine the beauty of contemporary fabric ranges with the simplicity of our new EZI-GLIDE PANEL Blind system.

With an easy sideways movement, these blinds provide an elegant window covering or room divider for both home and office. Our Ezi-Glide wand system is totally childsafe with no hanging cords or loops.

EZI-GLIDE PANEL Blinds are specially suited to large glazed areas, sliding and bi-fold doors.

Vertical panels glide neatly to the side for unobstructed views, and glide effortlessly closed for night time privacy.

Choose from translucent, sunscreen or blackout fabrics to suit your light, heat and privacy requirements.
